Meet Digital Learning Institute

Setting the global standard in Digital Learning

The Digital Learning Institute is the leading education and certification body in the world, for anyone who wants to reshape how digital learning is designed and delivered.

Because we believe that learning is life changing and the very best learning experiences should be made easily accessible to anyone, anywhere, anytime.

For educators and learning professionals interested in transforming digital learning, we provide the skills and tools required to take instructional design into the future; delivered by pioneering professionals with vast experience in the innovation of learning techniques.

**In other words, we help you
design better futures.**

Global leaders

Globally Recognized

Over 6,000 alumni work with the world’s leading companies, universities and institutions.

Industry Validated

International leaders from education and L&D on our Industry Advisory Council validate our curriculum to ensure it reflects the latest tools, technologies, and strategies.

University Credit Rated

Courses are university credit rated by Glasgow Caledonian University, named one of the world’s top universities in the Times Higher Education (THE) World University Rankings.

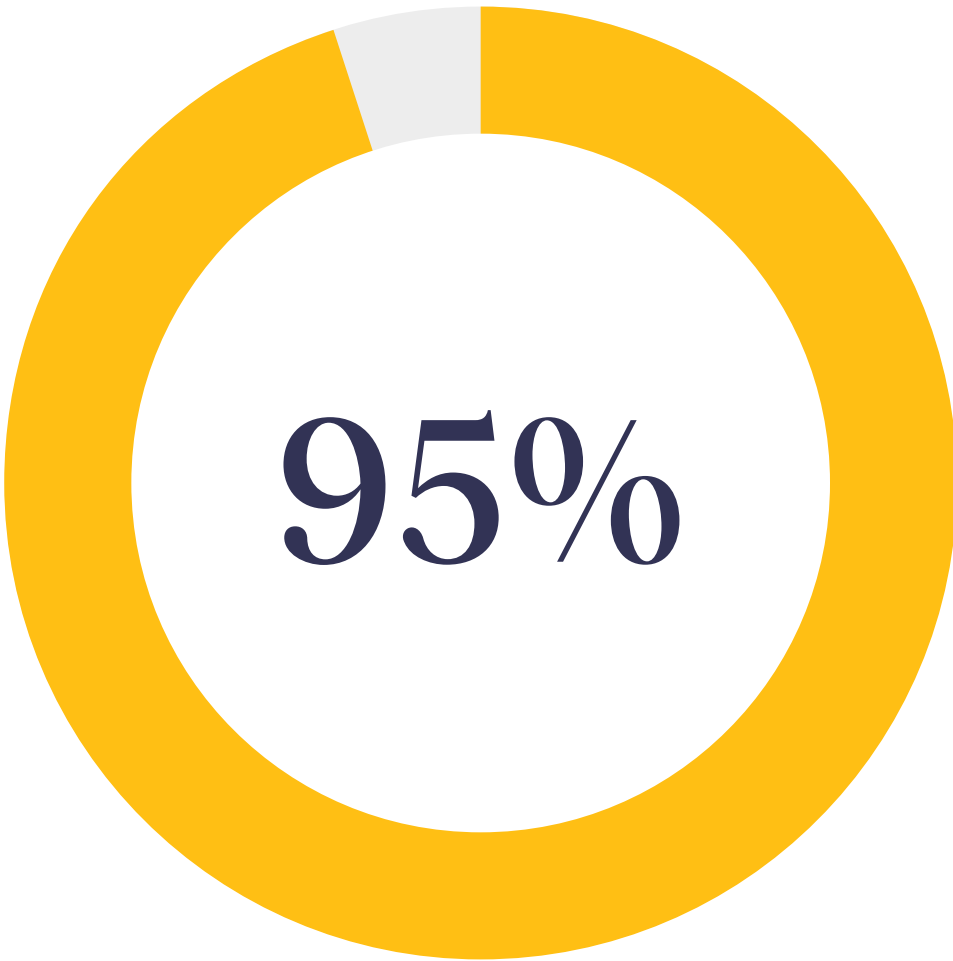

DLI courses are industry-approved and recognized by the world’s leading employers and educational institutions. Our Industry Advisory Council meets regularly to provide feedback on what employers require from our high-impact curricula.

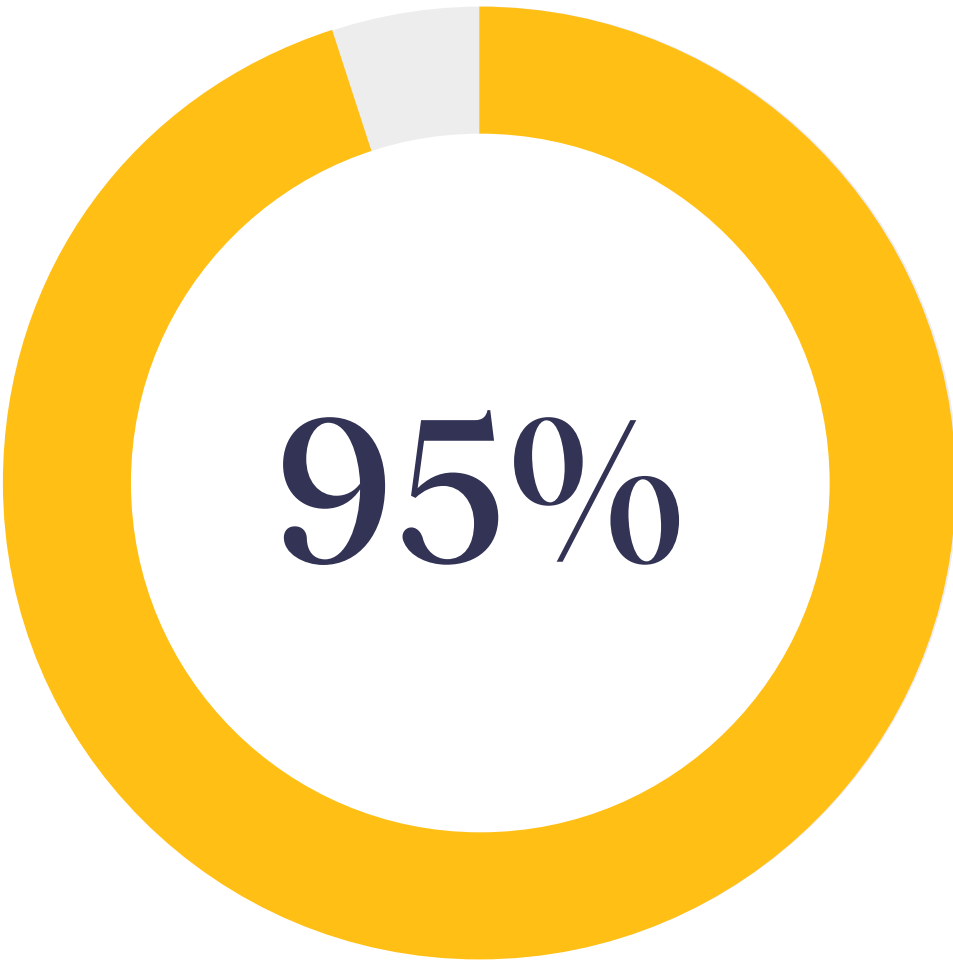

Our University credit rating means you earn academic credits as well as a professional certification. Our courses are aligned to UK and European qualification frameworks; there will be an equivalent credit allocation in the qualification framework of your home country.

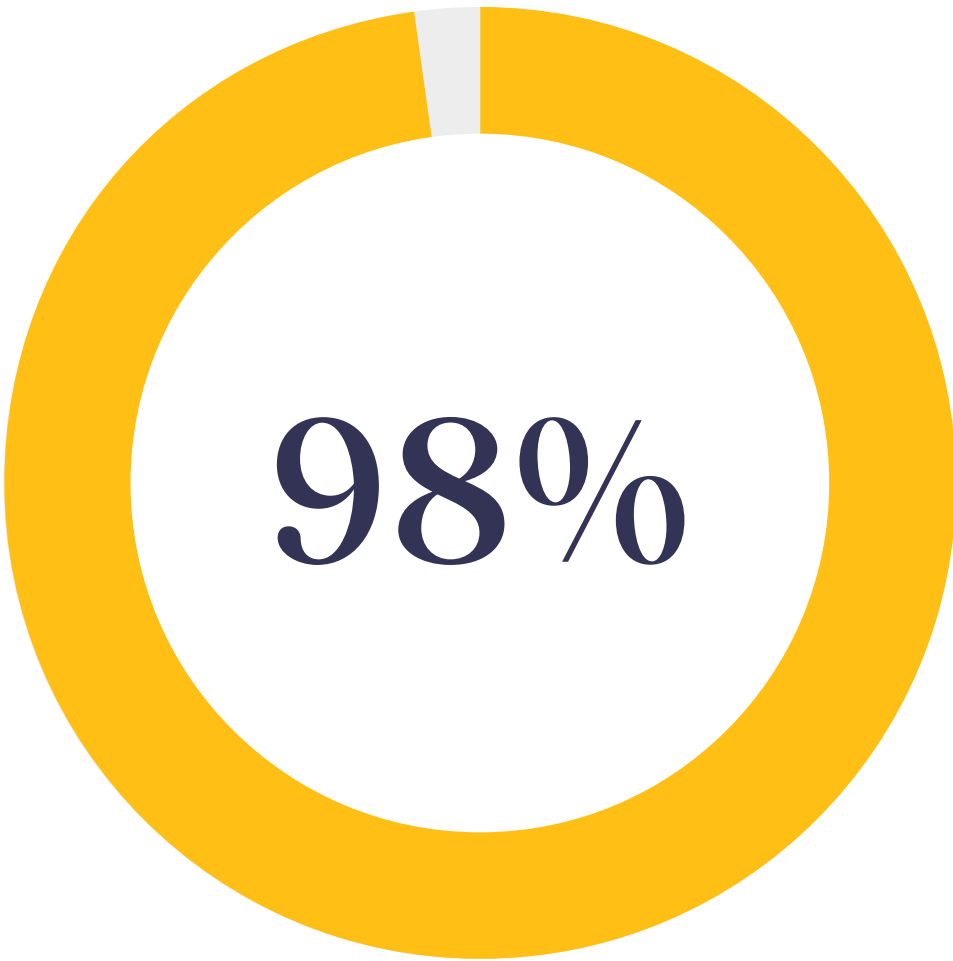

Feedback from Graduates

95% of students say our courses equipped them with the skills they need

95% of students say the course has positively impacted their career

98% of students would recommend Digital Learning Institute to a friend or colleague

90% of employers say they are more likely to hire someone with a DLI certification on their CV

A team of experienced digital learning specialists has created your course content. They deliver your live virtual classrooms, guide you through your real-world project, provide mentoring sessions, and offer the support you need to advance your digital learning career.

Live Labs

02

Digital Learning Institute

Live Labs at the Digital Learning Institute (DLI) are interactive, facilitator-led sessions designed to deepen your understanding of key concepts through hands-on activities, real-world case studies, and peer discussion. These sessions offer learners the opportunity to engage directly with experts, ask questions, and collaborate in real time with fellow students from around the world.

All Live Lab session times are presented in GMT/BST

Applied AI for Educators with Joe Houghton 	Lab one Introduction to AI 7 October: 2pm - 5pm	Lab two AI prompting 14 October: 2pm - 5pm	Lab three AI supporting assessment 21 October: 2pm - 5pm	Lab four AI for research 28 October: 2pm - 5pm	Lab five AI for course creation 4 November: 2pm - 5pm
Articulate Training Essentials with John Curran 	Lab one Building a strong foundation 7 October: 2pm - 5pm	Lab two Advanced features & interactivity 14 October: 2pm - 5pm	Lab three Q&A 21 October: 2pm - 3pm		
Articulate Training Advanced with John Curran 	Lab one Creating a branded template for your 28 October: 2pm - 5pm	Lab two Developing custom interactions 4 November: 2pm - 5pm	Lab three Developing scenarios in Storyline 11 November: 2pm - 5pm	Lab four Custom Navigation, Menus, Progress tracking 18 November: 2pm - 5pm	Lab five Gamification 25 November: 2pm - 5pm

Articulate Storyline Essentials

→ Choose This Live Lab If...

You're ready to design interactive eLearning experiences and want hands-on training in the world's most popular authoring tool. The Articulate Storyline Essentials Live Lab is perfect for anyone looking to confidently build and publish professional-quality learning content.

→ What will you gain?

Across two expert-led workshops and a follow-up Q&A, you'll create your first interactive project, explore animations, quizzes, audio, and video, and get to grips with advanced features like triggers, states, and variables. You'll walk away with a finished practice project and the skills to build your own.

→ Ideal for:

Instructional Designers, Educators, L&D Teams, and Digital Learning Professionals at beginner to intermediate level looking to master Articulate Storyline.

Articulate Storyline Advanced

→ Choose This Live Lab If...

You want to create learning experiences that are interactive, engaging, and scalable. This lab is for experienced users ready to take their Storyline design to the next level.

→ What will you gain?

You'll master advanced features including reusable templates, gamification, branching scenarios, and custom navigation. Each session helps you design smarter, more dynamic courses aligned to real learning outcomes.

→ Ideal for:

Learning Experience Designers, Senior ID Professionals, and anyone ready to lead with high-impact content.

Applied AI for Education & Learning Professionals

→ Choose This Live Lab If...

You want to build confidence using AI tools for learning, teaching, research, and content creation. Whether you're just getting started or ready to deepen your skills, the AI Learning Lab Series with Joe Houghton offers hands-on, expert-led sessions tailored to real-world needs.

→ What will you gain?

You'll explore AI across five interactive labs—covering prompting, research, assessment, course creation, and foundational tools. Each 3-hour session gives you guided practice, peer learning, and expert feedback to help you apply AI ethically, creatively, and effectively in your work.

→ Ideal for:

Educators, L&D professionals, Instructional Designers, Learning Technologists, and anyone ready to integrate AI into their digital learning practice.
